PMNPM Project Management for Non-Project Managers (1 Day)	This one-day workshop explores the principles of Project Management and discusses the project management skills needed to complete projects on time and on budget. Attendees will learn how to set-up, plan and deliver projects to quality, time and budget expectations whilst encouraging team members cooperation and accountability. This course will equip participants with practical tools and techniques to manage projects confidently from initiation to closure Read the full Course Outline here.	£395
AGPMF Agile Project Management Foundation (3 Days)	The APMG Agile Project Management (AgilePM®) Foundation course provides a comprehensive introduction to both the Scrum framework and Agile Project Management. Participants will gain the essential knowledge needed to work effectively within Scrum teams while also understanding how to manage projects using AgilePM. This course is ideal for those looking to apply Agile principles across both product development and project management environments. The course covers the roles, principles, events, and artefacts of Scrum, along with AgilePM's broader project lifecycle and management techniques, offering a complete toolkit for Agile professionals. Read the full Course Outline here.	£1,795
AGPMP Agile Project Management Practitioner (2 Days)	The APMG Agile Project Management (AgilePM®) Practitioner course builds on the AgilePM Foundation knowledge, focusing on applying and tailoring the AgilePM methodology to real-world projects. Participants will develop the skills needed to lead or manage Agile projects, adapt the AgilePM framework to varying project environments, and handle project risks and governance in an Agile context. The course includes scenario-based learning to ensure practical application of AgilePM principles in complex and dynamic project environments. Read the full Course Outline here.	£1,495

Course Title	Training Course Overview	Net Price
AGPMFP Agile Project Management Foundation & Practitioner (5 Days)	The APMG Agile Project Management (AgilePM®) Foundation and Practitioner combined course is designed to provide a deep understanding of both the Scrum framework and Agile Project Management. Starting with the fundamentals of Scrum, participants will learn how to apply Scrum principles for effective team collaboration and product delivery. The course then covers AgilePM's structured project management approach, providing the skills needed to manage Agile projects across their full lifecycle. This combined course progresses from foundational knowledge to advanced application, preparing participants to both contribute to and lead Agile projects in dynamic, real-world environments. Read the full Course Outline here.	£2,595
APMPFQ APM Project Fundamentals Qualification (PFQ) (2 Days)	The APM Project Fundamentals qualification (PFQ), is a knowledge-based qualification developed by APM, the chartered body for the project profession. The PFQ is the first step in the APM suite of certifications and provides a fundamental awareness of project management terminology, a broad understanding of the principles of the profession and the knowledge to make a positive contribution to any project. Read the full Course Outline here.	£1,080
APMPMQ APM Project Management Qualification (PMQ) (5 Days)	The Association for Project Management (APM) range of project management qualifications are designed to support you throughout every stage of your project management career. APM qualifications reflect the knowledge that you have, the work that you do, and the skills that you've developed. APM and QA provide a progressive structure for your career development to advance your project management knowledge and grow your skills. The Project Management Qualification (PMQ) is a knowledge-based qualification and is APM's most popular certification, enabling you to demonstrate knowledge of all elements of project management. You'll be able to demonstrate an understanding of how these elements interact and how your project fits into your strategic and commercial environment. Read the full Course Outline here.	£4,160
