Cloud Computing
Course Bundle

Impress your workforce with sleek SharePoint sites and manage your systems in style with the Microsoft 365 Web Apps that make teamwork, collaboration and automation easier than ever before.

Our **Cloud Computing Course Bundle** is designed to introduce you to the full capabilities of Microsoft 365 applications. Select the courses that best suit your needs and learn with our engaging Microsoft Certified Trainer (MCT).

How it works

Our Cloud Computing Course Bundle centres around attending **four courses** of your choice from the following options:

- **Introduction to Microsoft 365 Web Apps**
- **SharePoint Online for Users**
- **SharePoint Online for Owners**
- **SharePoint Webpages**
- **Microsoft Teams Fundamentals**
- **Power Automate Fundamentals**

These courses are specially selected by our trainers to help you create user-friendly environments and get the most out of the latest Microsoft automation and collaboration tools, all at a competitive price!

Migration Case Study

If you have a **team** that could benefit from M365 training, we also offer closed courses. Visit our **Case Study** to discover how we have helped other companies with their M365 migration and associated training programmes.
